**STEM
AMPLIFIED
2015 Annual Report**

ASPIRATIONS

Design, construct and engage in experiences that link learning to life

Build a state of the art R & D Lab and Education Prototyping Facility

Engage teachers, students, schools, communities and business & industry to access and partner in STEM programs

EXPANSION

Focus
From Local to National

Expand
From 6,500 Ft² to 32,000 Ft²

Grow
From 2 to 4 Divisions

Partner
5 New Learning Labs

IMPACT

1 Prototyping Facility

2 Online Courses

5 Partnered Learning Labs

29 States & Counting

96 Bridge Programs

146 School Districts

14,385 Teachers

143,850 Students

PAST's Amazing 15th Year: *The Year of STEM Amplified*

Learning Labs Come to PAST Innovation Lab

PAST hosted the Bodies, Design, Growth, and Digital Learning Labs in 2015.

P3 Celebrates One Year of Online Learning

P3 online courses participation expanded by nearly 500% in 2015

Knowledge Capture Impacts National Math Program

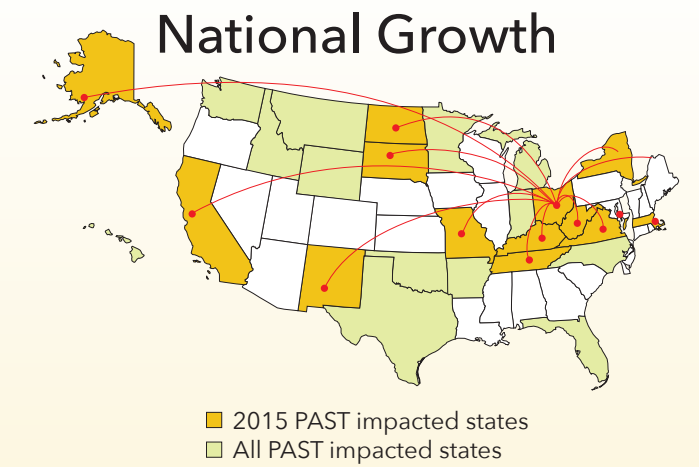

The Knowledge Capture team worked with the Mind Institute "Math Matters Programs" in Ohio recording how gender impacts math skills.

PAST & Shadowbox Hosted STEM Rocks the Box 2015

A perennial favorite, STEM Rocks the Box increased participation with PAST's support in 2015 with over 13 schools at Shadowbox Live.

PAST Buys its Building and Completes Remodel

Students in the Design Learning Lab tested their drone piloting skills to capture the construction of the PAST Innovation Lab skylights.

Students Learn About Ecology At Hocking College Ecolabs

Hocking College hosted 10 schools and two weeks of programming for middle and high school students from around Ohio.

Hybrid Solves Teacher Shortage in Rural America

Hybrid Teaching Model pilot in South Dakota using technology to overcome educator shortages in rural America.

PAST Explores Underwater Robotics & Partners with MATE

The ROV Challenge amplified by our partnership with MATE to further propel student engagement and advance learning of underwater robotics around Ohio.

Physical Growth

Cardboard Challenge Expands to 10 Locations

The Cardboard Challenge expanded from one site to 10 sites across Central Ohio including COSI and Columbus Museum of Art with exciting and engaged participation.

CGI and White House Feature PAST

In 2015 PAST Foundation was cited twice by Clinton Global Initiative and included in the CGI keynote with a video introduction.

PAST Foundation was invited by the White House as a Collaborator in the Summit on Next Generation High Schools.

Underwater ROV Propels Engineering and Design

PAST partnered with COSI, and BOEM for the ROV Challenge offering students the opportunity to explore underwater robotics.

Students Gain Vital STEM Skills While Having Fun

PAST ran multiple Minecraft camps offering students the opportunity to learn math, engineering, and programming, in a fun way. These camps also promoted creativity, collaboration, and problem solving.

Financial Growth

REVENUES & EXPENSES
