

**Friday, April 25, 2025 • 6:30–9:00PM**

PAST Innovation Lab • 1003 Kinnear Road in Columbus

## Donate to the 2025 STEM of Spirits!

The PAST Foundation, entering its 25<sup>th</sup> year of collaborating with schools, industry, and community organizations, needs your help to make our 2025 STEM of Spirits fundraiser the most impactful yet. Our goal for this event is to raise enough to allow every student in Central Ohio who wants to attend Summer STEM Programs to be able to do so regardless of financial need.

### Collaborate with PAST

After 25 years, PAST knows the value of collaborating with our local business partners to help us transform education and prepare students for the 21<sup>st</sup> century workforce of tomorrow. We are drawing on our wide range of exciting student summer programs including computer coding, drone flight, photography, using STEM in the creation of art, food science, engineering, game creation, and others to create a night just for adults on April 25, 2025.

Our team is currently seeking in-kind donations of food, drinks, or services for the event in order to make it as successful as possible. We are asking potential sponsors to work with us to provide in-kind donations that will support 300 guests for this event.

Sponsors of in-kind donations will receive tickets to the event along with marketing via PAST social media channels, website, and email campaigns.

We would love to speak with you about the potential for this opportunity. Please contact Grace Hunter at [grace@paraclete-planning.com](mailto:grace@paraclete-planning.com) for more information.
