

past annual report 2018

THE
PAST FOUNDATION
Linking Learning to Life

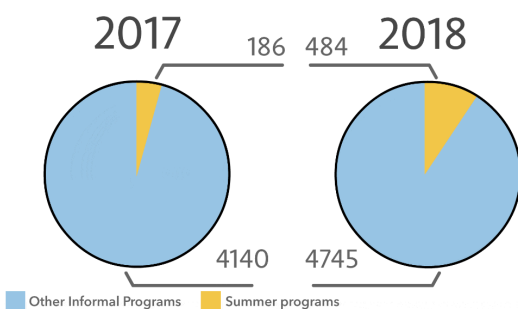

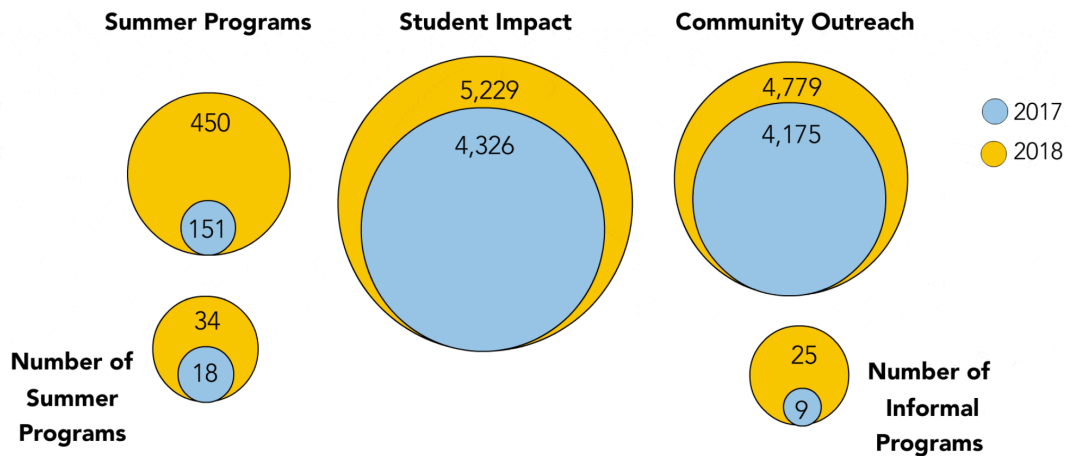

People, Purpose, and Place: Linking Learning to Life

2018 was a year of tremendous growth and expansion for PAST and PAST Innovation Lab. We have accomplished much in 19 years, including:

- Working in 34 states and spanning several countries
- Creating over 150 educator and student programs
- Impacting hundreds of partners, thousands of teachers, and nearly 250,000 students

PAST looks at the world and at education honoring the way humans think, play and interact. We know that people learn better together and true learning occurs at the intersection of culture, community and curiosity.
